About us...

- *D C Enterprise (Formerly D C Enterprises) offers end to end solutions in field of Compressed Air System and Services.*
- *D C Enterprise is an **Authorized channel Partner** (Distributor) of Ingersoll Rand India Ltd.*
- *D C Enterprise provides **consultative solutions** related to compressed air systems, from Application Study and need analysis, Supply and service of standard industrial products to providing sustainable, effective and efficient customized solutions.*

Our Products and Services...

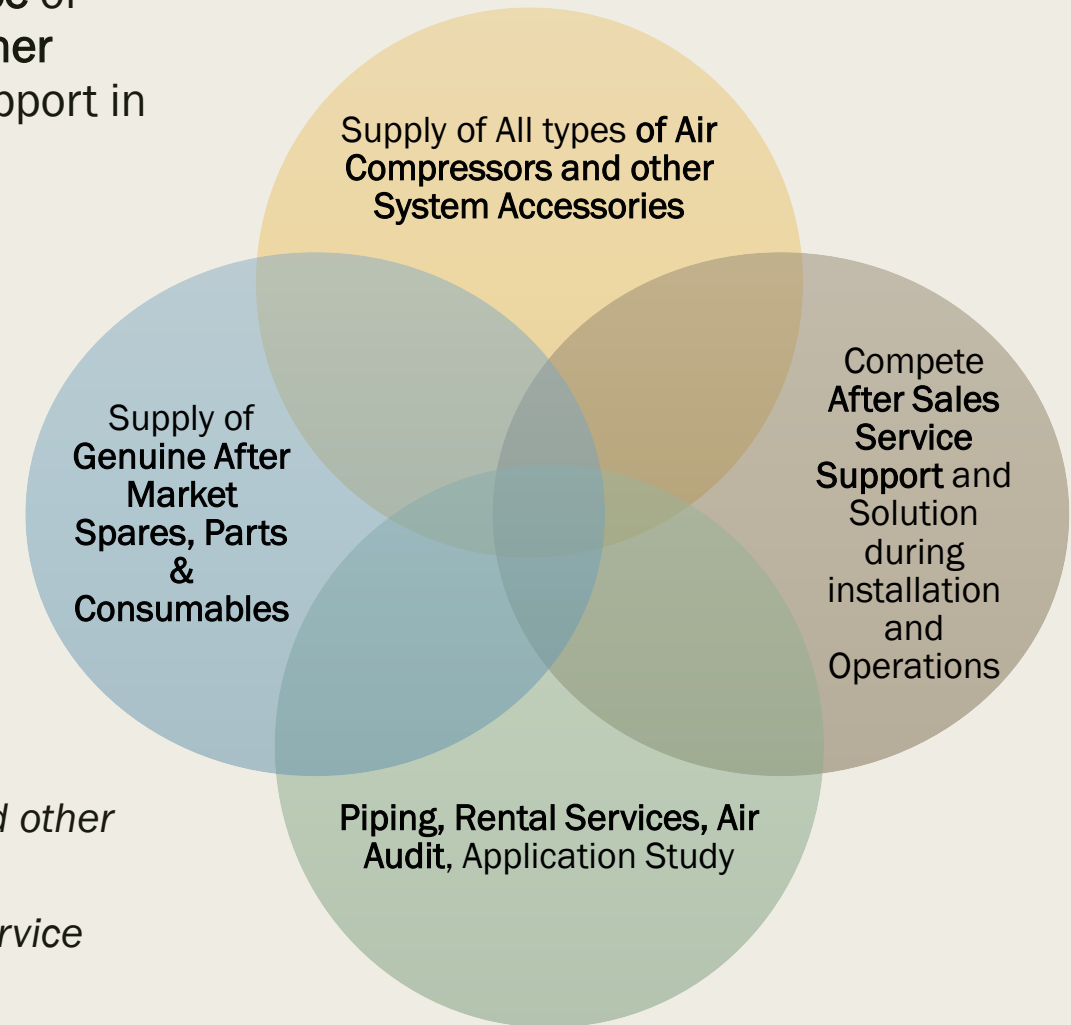

- D C Enterprise having more than 30 years of experience of serving customers and as an **Authorized Channel Partner (Distributor) of Ingersoll Rand India Ltd** can provide support in multiple area such as,

- **Supply of...**

- Air Compressors
- Air System Components
 - Air Dryers
 - Variable Frequency Drives
 - Air Line Filters
 - Air Receiver
 - Air Piping
 - After Coolers
- *Genuine After Market Spares, Parts and Consumables*

- **After Sales Service support of...**

- *Installation and Commissioning of Air Compressors and other Accessories*
- *Trouble shooting and application based aftermarket service solutions*
- *Application Study and Need Analysis of Compressed Air Systems*
- *Air Audits and Piping solutions.*
- *Rental Compressor Services.*

Our Products and Services...

- D C Enterprise having more than 30 years of experience of serving customers and as an Authorized Channel Partner (Distributor) of Ingersoll Rand India Ltd can provide support in multiple area such as,
- Provides end to end solution for **Element Reconditioning/AirEnd refurbishment** of Rotary Compressors.
- Have professional state of Art Infrastructure to rebuild/recondition the Element/Airend of Screw Compressors
- Provide complete solution for Reconditioning/Refurbishment of Rotary compressor -
-from 10 HP to 350 HP Rotary Screw Compressors.
- Experienced and Qualified Team of Technicians.
- Have **Proven track record** for reconditioning/rebuilding Element/Screw Airend for **650+ Element/Airends**. In Last **15 Years**.

PEOPLE

- ✓ **Actively involved Promoters** with **high educational qualifications**, Both promoters are Engineering Graduates from National Institute of Technology and Technocrats.
- ✓ Expert and Qualified team of **11 Service Technicians** for After Sales **Service Support**.
- ✓ Qualified Team of **4 Sales Persons** for Technical **Sales and Marketing**.

PRESENCE & PROFILE

- ✓ We have More than 30 Years of experience in serving **Industrial Clients and Technically Complex products**.
- ✓ We have well established business profile with strong financials , present Annual revenue is more than INR 100 MINR
- ✓ We have **strong presence** with extensive **network of qualified sales and service team** and **Branches** in **South Gujarat Area** – Dist. Bharuch-Surat-Valsad-Vapi and in UTs of Daman and DNH.
- ✓ Well built infrastructure, with Offices space of 1000 Sq Ft and Covered warehouse space of 5000 Sq Ft

Sustainable
Effective &
Efficient
Solutions

ASSOCIATION AND CLIENTS

- ✓ Since 2011 we are **Authorized Distributor** of **Ingersoll Rand India Ltd** for Sales and Services of Compressed Air System and Services.
- ✓ Since 1999 till 2011 we were **Authorized Distributor** of **ELGI Equipments Limited** for Compressed Air Systems, Services and Automotive Equipment.
- ✓ We serve to diverse clients ranging from Fortune500 Organizations to Industry leaders to Government Entities, to Various MSE and SSE.

COMPETENCIES

- ✓ We offer **end to end solution** related to compressed air systems, from Application Study and need analysis to Complex Customized Solutions.
- ✓ We have expertise in providing **quality Technical sales and after sales support** to a wide range of products and applications to achieve complete customer satisfaction
- ✓ We are successfully providing **reliable solutions to wide range of industries** e.g. Textile, Pharmaceutical, Chemical, Process Industries, Glass, Steel, Oil and Gas, Govt. Undertakings etc..

Few of Our Valued Customers...

Key Benefits of our Product & Services...

- D C Enterprise offers complete solutions to your compressed air related requirements...which enables you to focus on your core objectives/products...
 - World Class Product and Technologies supported with vast experience.
 - Excellent After Sales Support.
 - Qualified and reliable team to provide sustainable solutions.
 - Strong presence in market with excellent Infrastructure and Service network.
 - Consultative and professional Approach

Our Products and Services...

Rotary Screw Air Compressors

■ Contact Cooled/Lubricated Screw Compressors

- From 2.2 KW to 160 KW
- From 200 KW to 350 KW

Contact Cooled Rotary	General purpose Plant Air used in assembly, manufacturing, mining and conveying industries	Tank Mount	Fixed Speed	Variable Speed
		 50 - 150 psig / 3.5 - 10.3 barg 14.1 - 159 cfm / 0.4 - 4.5 m³m 5 - 40 HP / 4-30 kW	 50 - 212 psig / 3.5 - 14.6 barg 235 - 2600 cfm / 6.7 - 74 m³m 5 - 500 HP / 4 - 400 kW	 50 - 150 psig / 3.5-10.3 barg 88 -1650 cfm / 2.5 - 46.7 m³m 20 - 300 HP / 15 - 250 kW

■ Oil Free Screw Compressors

- Form 2.2 KW to 300 KW

Oil-Free Rotary	High quality ISO Class 0 , oil-free compressed air used in Pharmaceutical, Food & Beverage, Electronics and Power Gen Industries	Fixed Speed	Variable Speed
		 60 - 150 psig / 4.0 - 10.3 barg 200 - 1530 cfm / 5.6 - 43.4 m³m 50 - 400 HP / 37 - 300 kW	 60 - 150 psig / 4.0 - 10.3 barg 200 - 1730 cfm / 5.9 - 49 m³m 50 - 400 HP / 37 - 300 kW

Our Products and Services...

Reciprocating Air Compressors

■ T30 Range of Small Reciprocating Air Compressors and Vacuum Pumps

- From 1.0 HP to 30 HP

Small Reciprocating

General purpose shop air used by contractors, Pro-sumers, agriculture and light industrial industries

Contractor

50-175 psig / 3.5-12.0 barg
5.0 - 25 cfm / 0.14 - 0.71 m³/min
2 - 15 HP / 1.5-11 kW

Light Industrial

60-5000 psig / 4.0-345 barg
4.4-85 cfm / 0.12-3.0 m³/min
2-30HP / 1.5-22 kW

Vacuum

12"-29" in / 400 -980 mb
7-219 cfm / 0.2 - 6.2 m³/min
0.5-25 HP / 0.37 - 18 kW

■ Large Reciprocating Non Lubricating Air Compressors and Boosters

- From 20 HP to 240 HP

Our Products and Services...

Air Treatment Products and Air System Accessories

■ Air Dryers and Line Filters

Air Treatment

System components used across all major industries to ensure the right quality of air is delivered to the point of use

Refrigerated

60 - 220 psig / 4.0 - 15.1 barg
7 - 19,200 cfm / 0.2 - 544 m³m

Desiccant

60 - 150 psig / 4.0 - 10.3 barg
90 - 8,000 cfm / 2.5 - 227 m³m

Filtration

14.5 - 250 psig / 1.0 - 17.2 barg
17 - 13,200 cfm / 0.5 - 374 m³m

Genuine After Market Spares, Parts and Consumables

Aftermarket Core Parts / Consumables

Parts and consumables (filters, lubricant) used on centrifugal, rotary, and reciprocating compressors

Consumables

Wearable / Hard Parts

Upgrades / Enhancements

Our Products and Services...

After Sales Service and Support

■ Aftermarket Controls and Accessories

Aftermarket Controls	Onboard compressor controls to protect assets and system controls to optimize efficiency			
		Onboard Controls	System Controls	Flow Control
Aftermarket Accessories	Products downstream of the compressor up to the point of use			
		Piping	Drain Valves	Oil Water Separators

■ Post commissioning Service Supports and Contracts

Service Break / Fix	Service support to installed base customers for repair, diagnostics, overhaul and commissioning services			
		Technicians	Diagnostics	
Service Agreements	Single and multi-year services agreements from time based activities through risk transfer solutions			
		PackageCARE	PlannedCARE	Preventative Maintenance
